DUDLEY ANNOUNCES ENERGY PROGRAM START DATE
Notifications mail in mid-February. Program will lower electricity costs and offer environmental benefits.

DUDLEY, MA – The Town of Dudley is pleased to announce that it's launching its Community Choice Power Supply Program this spring to provide an energy program that is stable, affordable and incorporates additional renewable energy. Dudley signed an 18-month contract with First Point Power.

Beginning with the April 2025 meter reads, Dudley's Program will offer three products with varying amounts of renewable energy content. "We are excited to offer three options in our electricity program, allowing Dudley ratepayers greater control over the energy they use along with lower and more stable pricing," said Jonathan Ruda, Dudley Town Administrator.

Product	Renewable Energy Content	Program Rate (per kWh)	National Grid Rate* (per kWh)	% Savings	Est Monthly Savings
Standard (default)	Meets MA renewable energy requirements	\$0.12826	\$0.14672	13%	\$11
Optional Green	100% renewable. Includes 37% National Wind RECs.	\$0.12992	\$0.14672	11%	\$10
Optional Green 5	5% MA Class I RECs above minimum state requirements	\$0.13031	\$0.14672	11%	\$10

*National Grid's Residential Basic Service meets MA renewable energy requirements and is in effect from February 1-July 31, 2025. Assuming usage of 600-kilowatt hours of electricity per month, residents can expect to see an average savings for that period.

The Dudley Community Choice Power Supply Program is a municipal aggregation program which, according to Massachusetts law (M.G.L. c. 164, § 134), enables local government to combine the purchasing power of its residents and businesses so that it can provide them with an alternative electricity supply. Approximately 190 Massachusetts communities, to date, have chosen to develop community choice electricity programs to benefit their residents and small business owners.

Residents will not notice any change in their electricity service. The only discernible difference will be that First Point Power will be printed under “Supply Services” on National Grid’s monthly bills starting in May 2025. Residents and small business owners will continue to receive one bill from National Grid and to send payments to National Grid for processing. There will be no interruption in billing, power, or customer service.

No action is required by ratepayers to participate in this cost-saving program. The Program will be operated on an opt-out basis, meaning that all Dudley residential and business customers currently on National Grid’s Basic Service will be automatically enrolled into the Program unless they choose to opt-out.

There are no enrollment, early termination, or cancellation fees attached to the Dudley electricity program. Residents who choose to opt-out can also opt-in at a later date if they so choose at no cost. However, anyone switching from a contract with a third-party supplier may be subject to penalties or early termination fees charged by that supplier. Ratepayers should verify terms before switching.

Basic Service rates change twice a year or more, depending on rate class. As a result, the aggregation rate may not always be lower than the Basic Service rate. The goal of the aggregation is to deliver savings over the life of the program against National Grid’s Basic Service. However, future savings cannot be guaranteed.

Residents or business owners with a supplier block on their account must contact National Grid to request that the block be removed if they want to participate in Dudley’s electricity program.

National Grid has several programs to help income-eligible families and customers needing special assistance meet their energy needs. To learn more visit nationalgridus.com/MA-Home/Bill-Help/Payment-Assistance-Programs.

Information sessions to answer questions about Dudley’s Community Choice Power Supply Program will be held by the Town and representatives of Colonial Power Group as follows:

- Thursday, March 6, 2025 at 12:30 pm at Senior Center, 71 West Main Street, Dudley, MA
- Monday, March 10, 2025 at 6:30 pm at Town Hall / Board of Selectmen Meeting, 71 West Main Street, Dudley, MA

Residents may also visit colonialpowergroup.com/dudley or call (866) 485-5858 ext. 1 to learn more about Dudley’s Community Choice Power Supply Program, to opt-in or opt-out, or to change your product selection.
