

Important Update: New Rates and Term Notification

The Town of Holliston is announcing new lower rates and a longer term for its Community Choice Power Supply Program through its current electricity supplier, **First Point Power**. The Town's new aggregation rates are fixed **for all rate classes for 39 months (August 2025 to November 2028)** as follows:

Program Product	Current Rate (Supply Only)	New Rate (Supply Only)	Renewable Energy Content*
Standard (default)	\$0.14771 per kWh	\$0.14027 per kWh	100% renewable. Includes additional 37% National Wind RECs.
Optional	\$0.17451 per kWh	\$0.16544 per kWh	100% MA Class I RECs
*For Massachusetts renewable energy requirements, please visit mass.gov/info-details/program-summaries .			
[Rates apply to service beginning and ending on the days of the month that your meter is read in your service area. This date varies by account.]			

For comparison purposes, Eversource's Basic Service rates are fixed from August 1, 2025 thru January 31, 2026 -- Residential at \$0.14884 per kWh and Small Commercial & Industrial at \$0.15150 per kWh.

No action is required by individual consumers. All accounts currently enrolled in the Town's Program will continue to see First Point printed under the "Supplier Services" section of their monthly bill. This rate change will be seen on the September 2025 bills. Consumers with questions about the Program should call Colonial Power Group, the Town's aggregation consultant, at (866) 485-5858 ext. 1.

For more detailed information about the Town's Program, including how to OPT-OUT or OPT-IN, **to change your current product selection**, or to access Eversource's Basic Service rates, please visit colonialpowergroup.com/holliston or call First Point at (888) 875-1711. You may OPT-OUT or OPT-IN at any time in the future with NO CHARGE.

Basic Service rates change twice a year or more, depending on rate class. As a result, the aggregation rate may not always be lower than the Basic Service rate. The goal of the aggregation is to deliver savings over the life of the Program against Eversource Basic Service. However, future savings cannot be guaranteed.
